ecolution

by Scania

Consumption

Reference:
32.5 l/100 km

Target:
30.2 l/100 km

Today, actual:
27.3 l/100 km

16%

Yearly savings, 10 trucks*

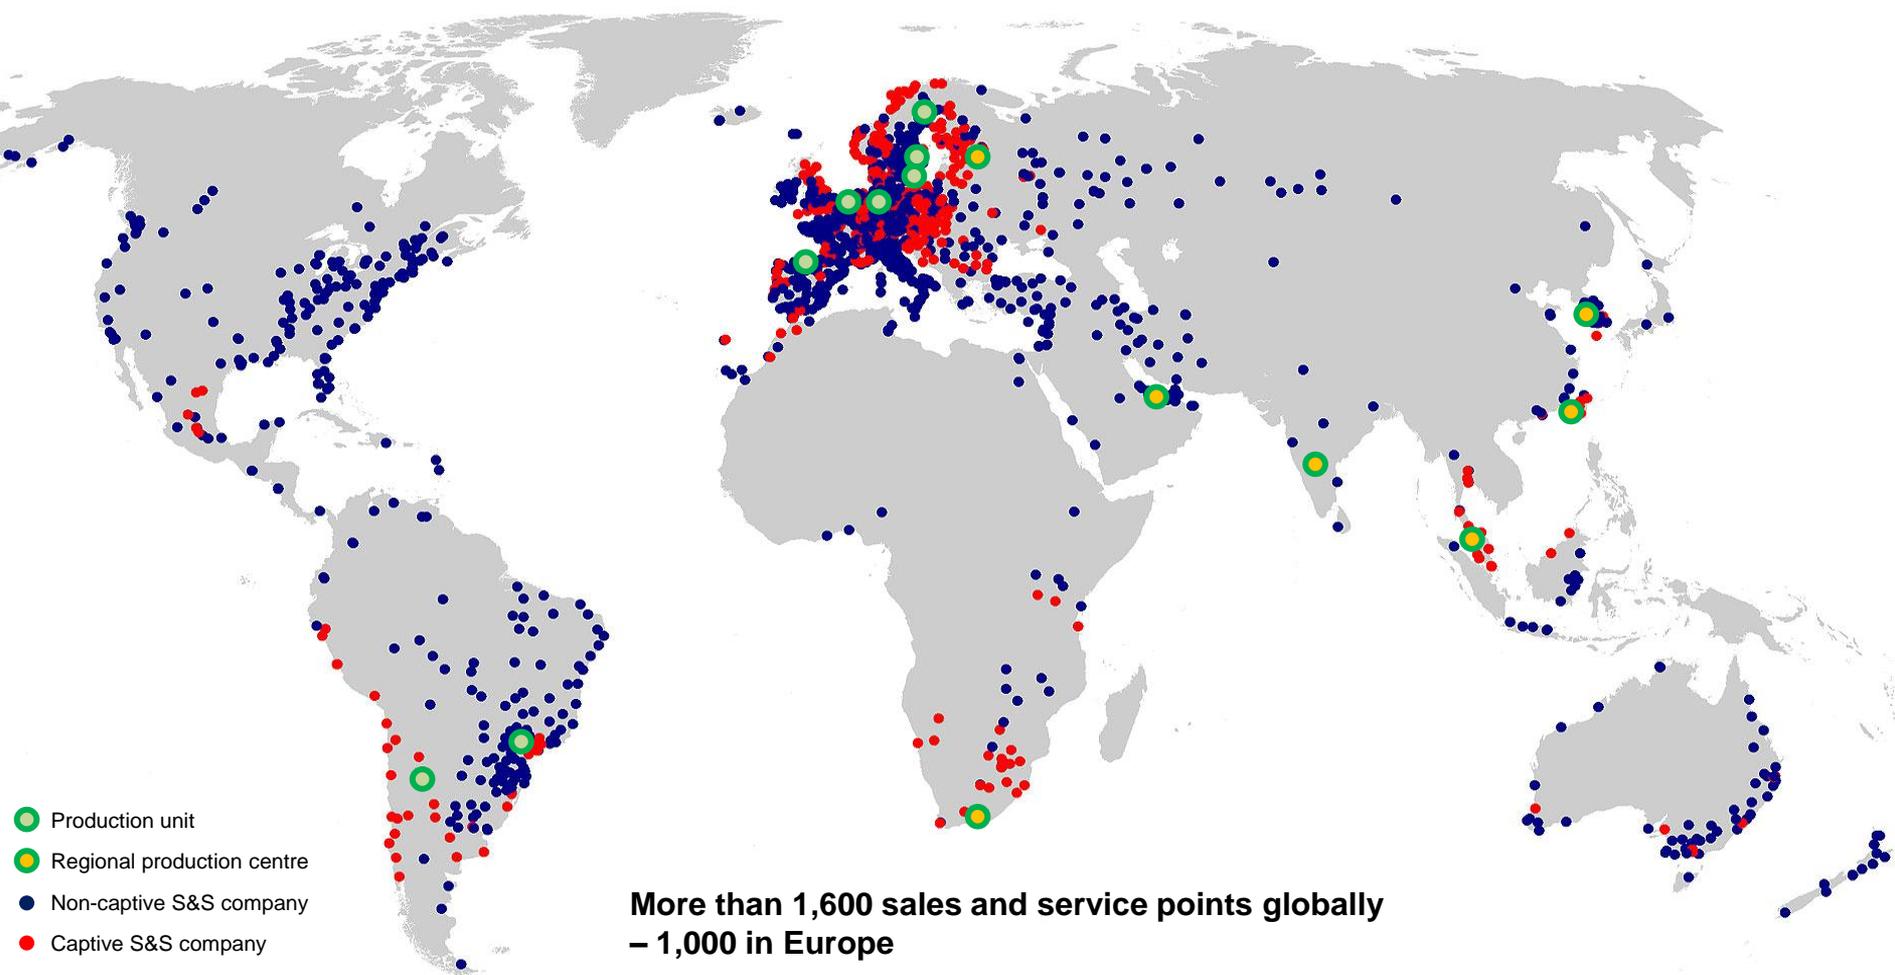

- CO₂: 230 tonnes
- Cost: EUR 85,000

New kind of innovations!

*Annual mileage 150,000 km/truck

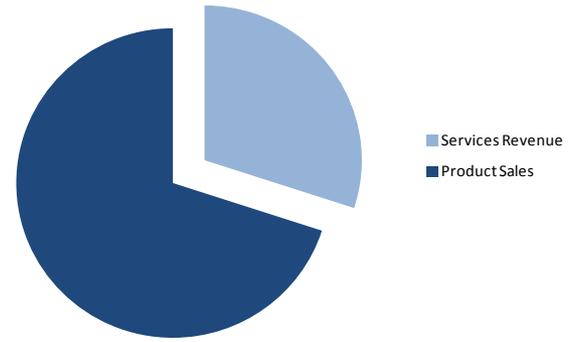

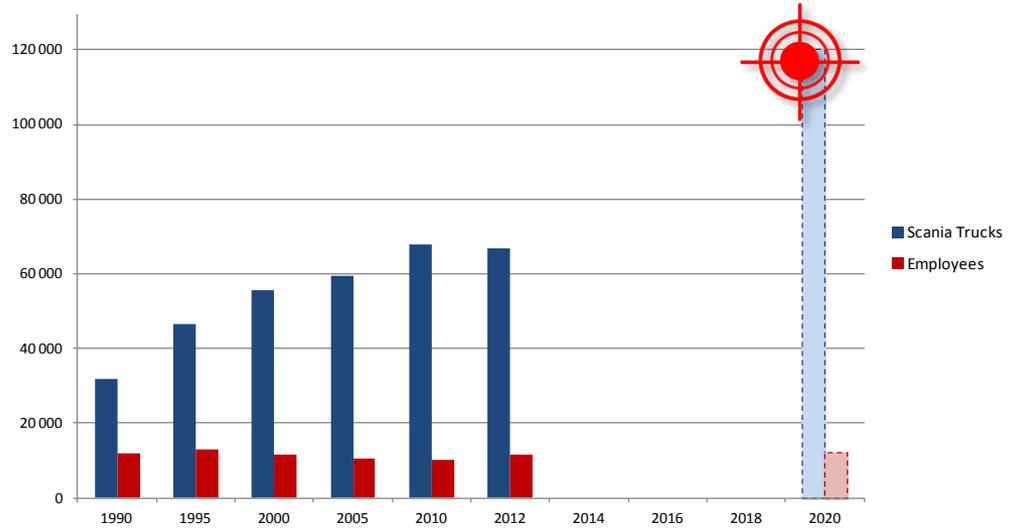

~40 000 Users in More than 100 Countries

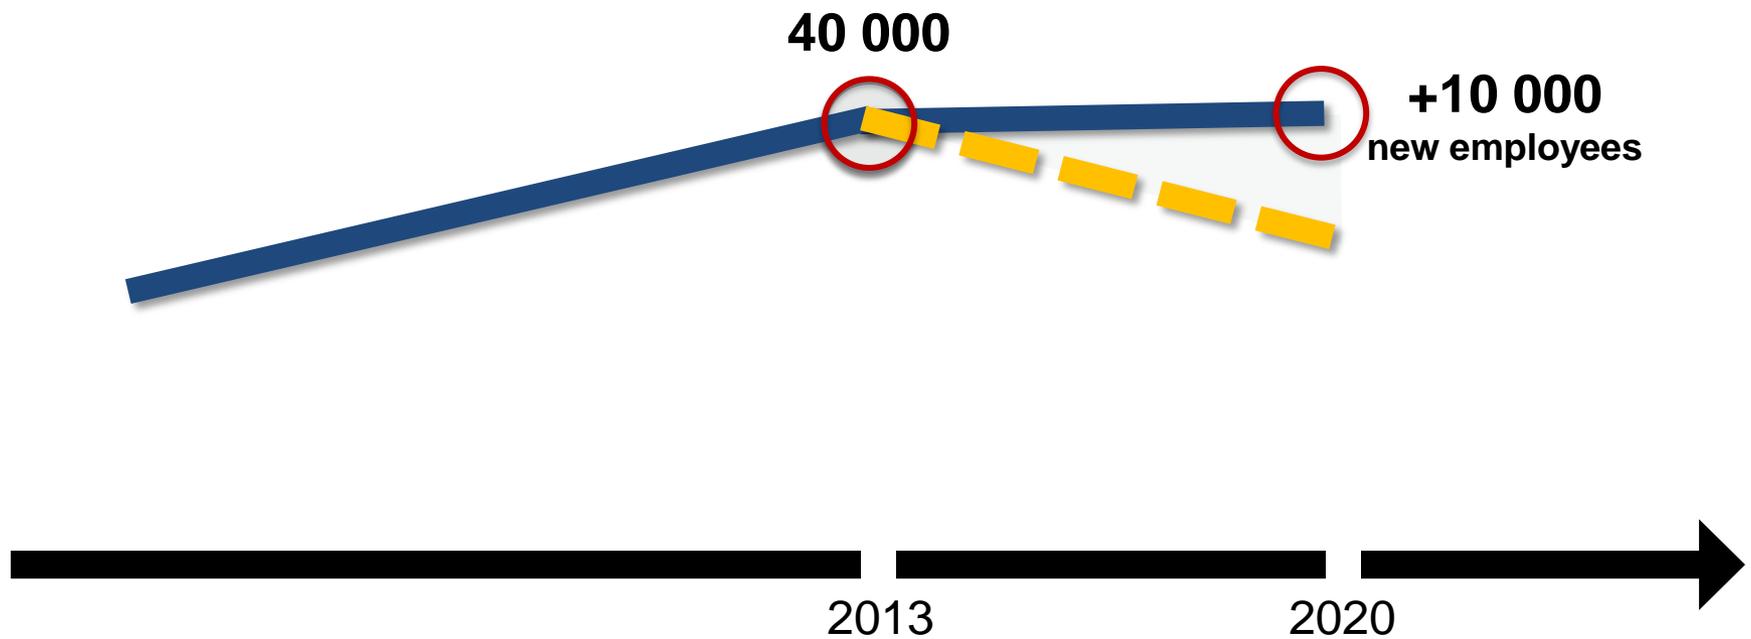

Our Goal: Productivity Improvement

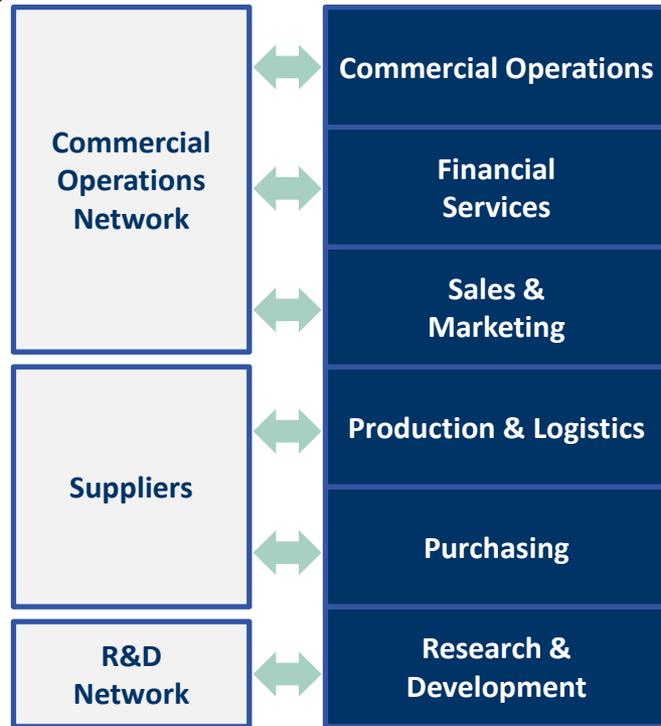

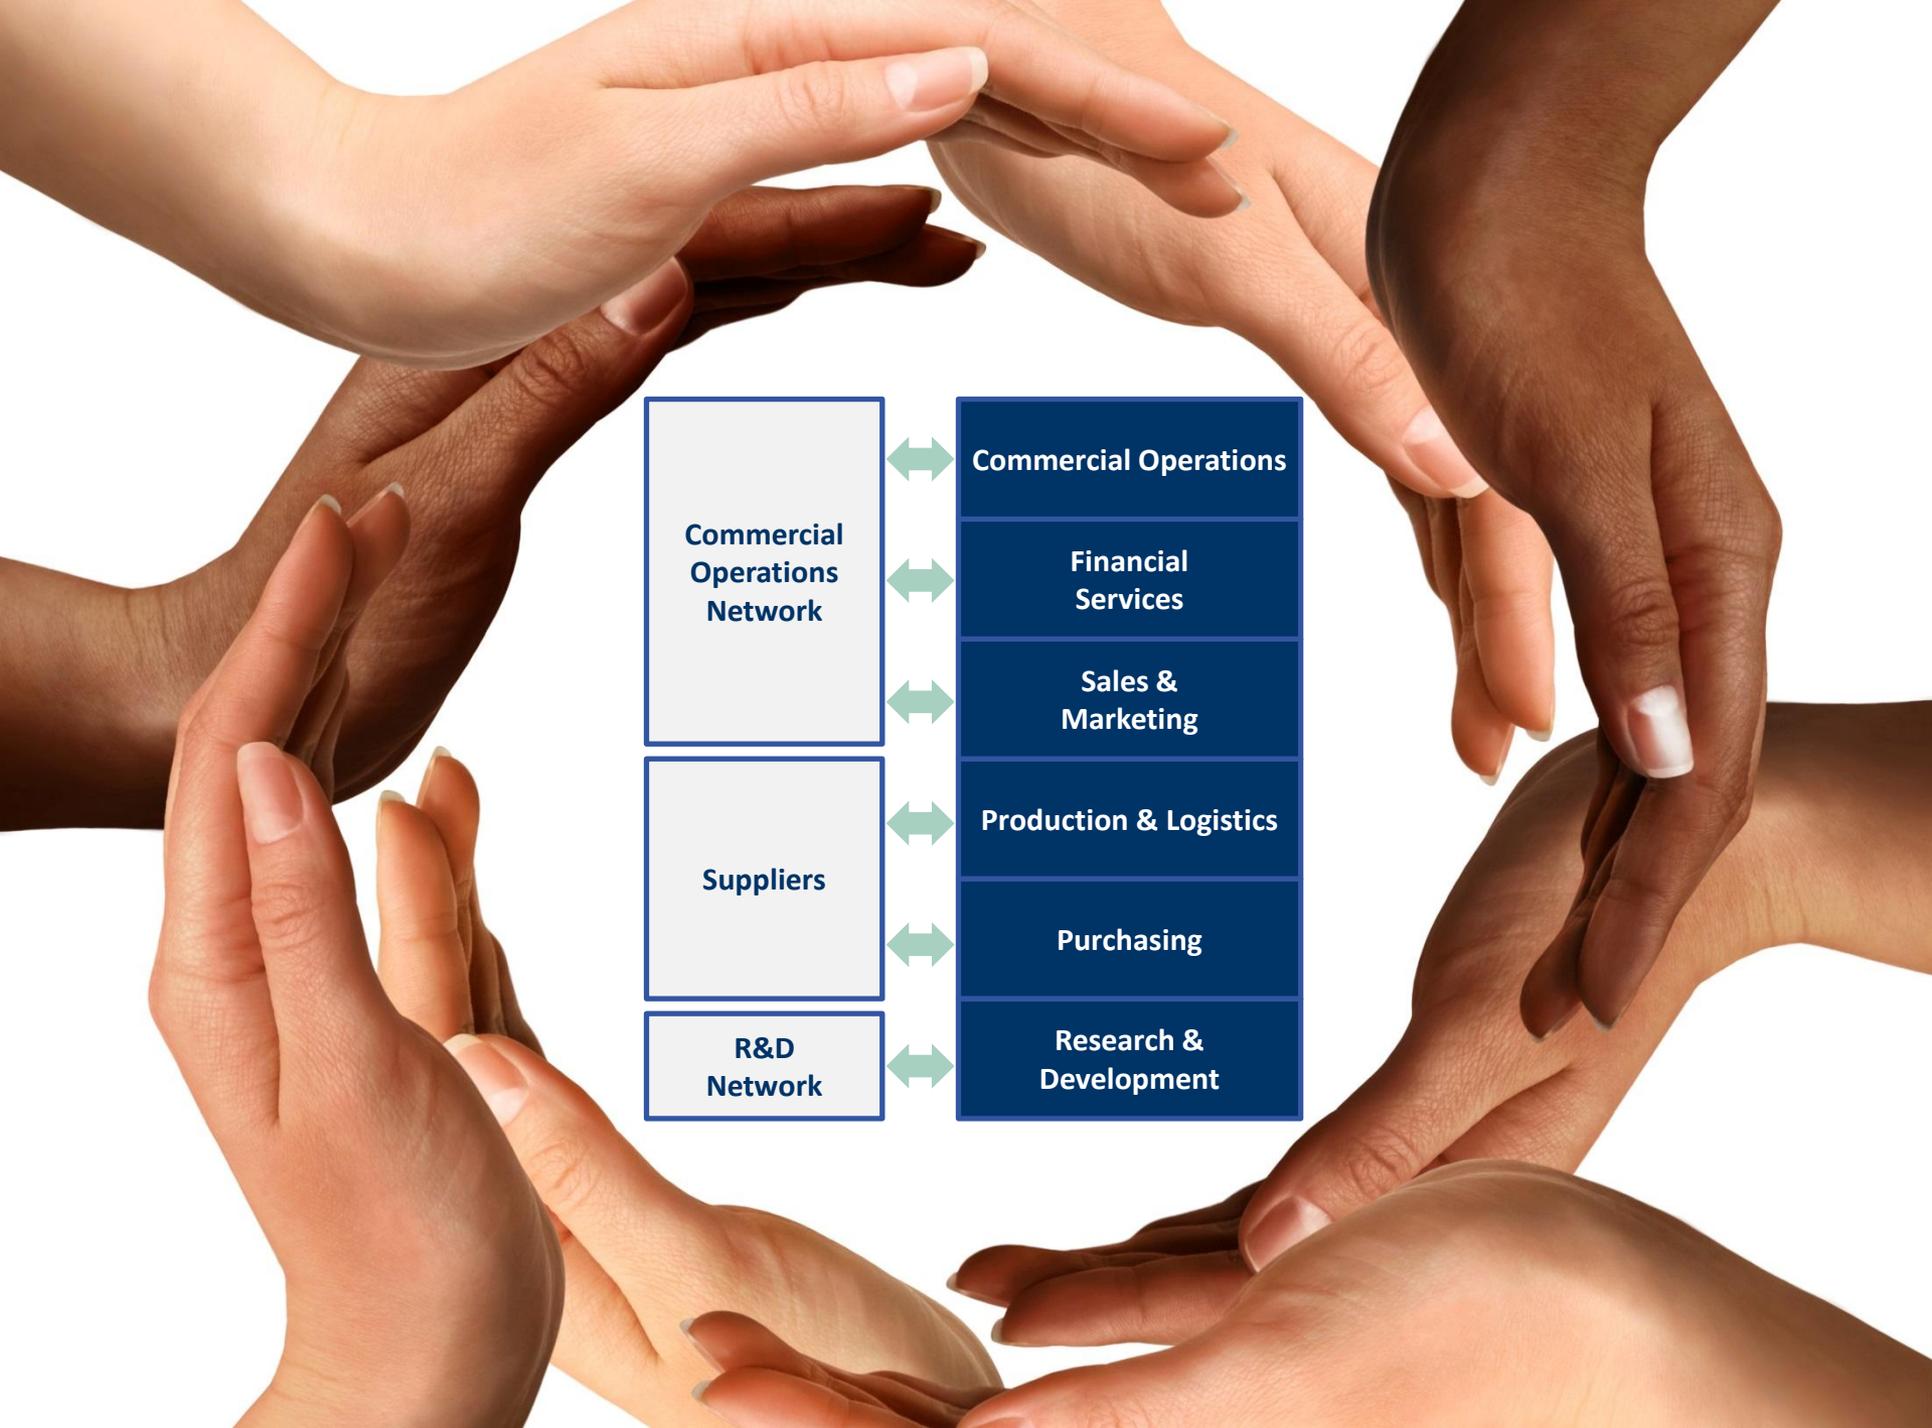

Target 2020
 120 000 Trucks
 15 000 Buses
 20 000 Engines
 6 000 € / Vehicle

Attract and Retain Towards 2020

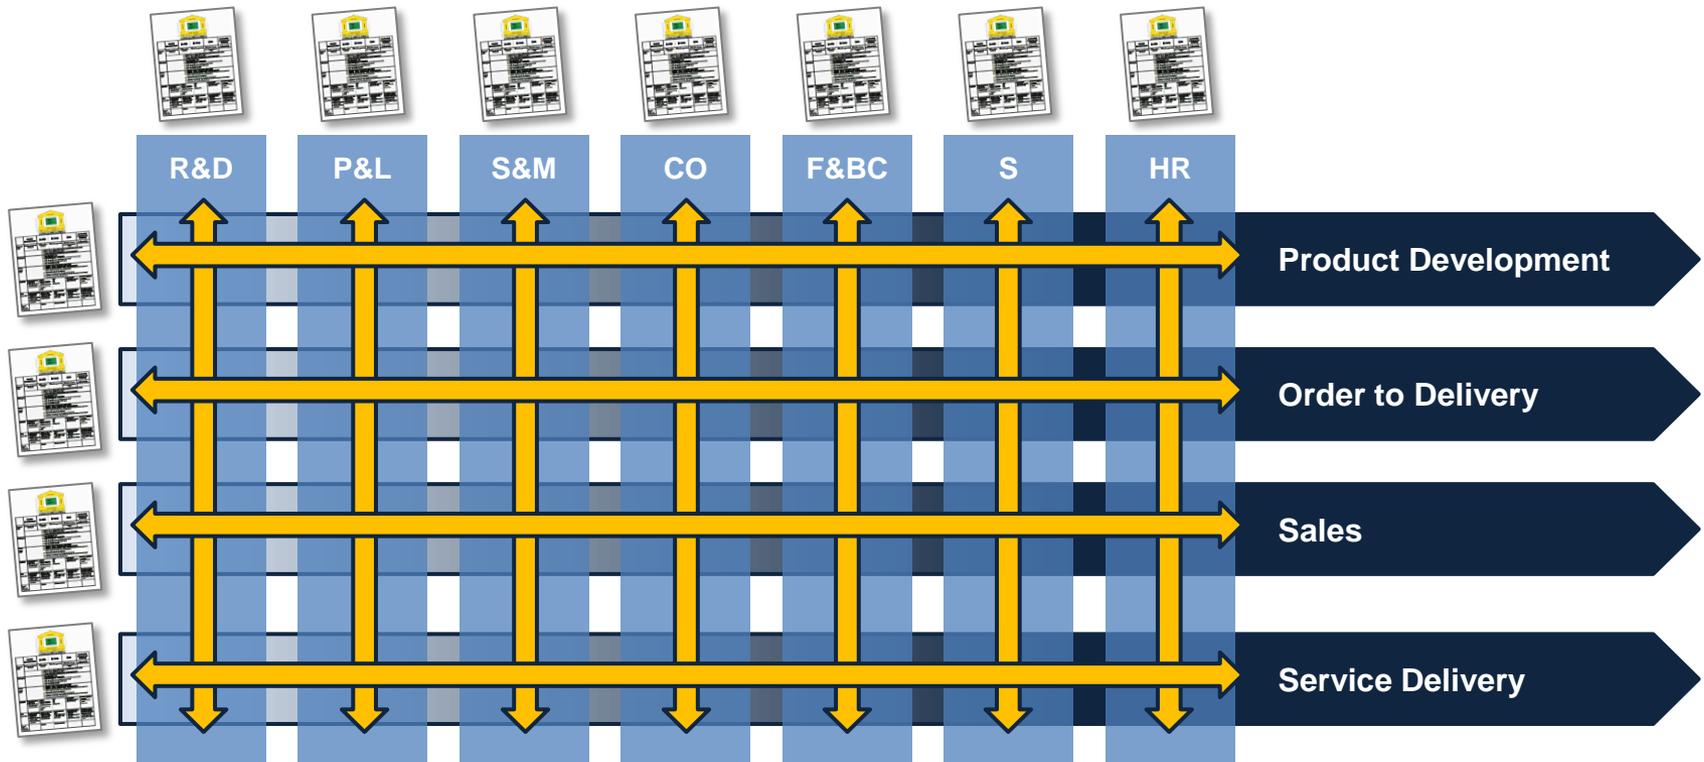

Top Management Meeting 2013

The Core Collaboration Assignment

- ➔ Enable efficient knowledge work
- ➔ Ensure transparent and secure information flow throughout processes
- ➔ Simplify process integration throughout Scania, customers and partners

Users are Not the Same!

The staff at Scania all conduct quite different tasks, and will require a range of tools and information to support their daily activities

Expectations on the Workplace

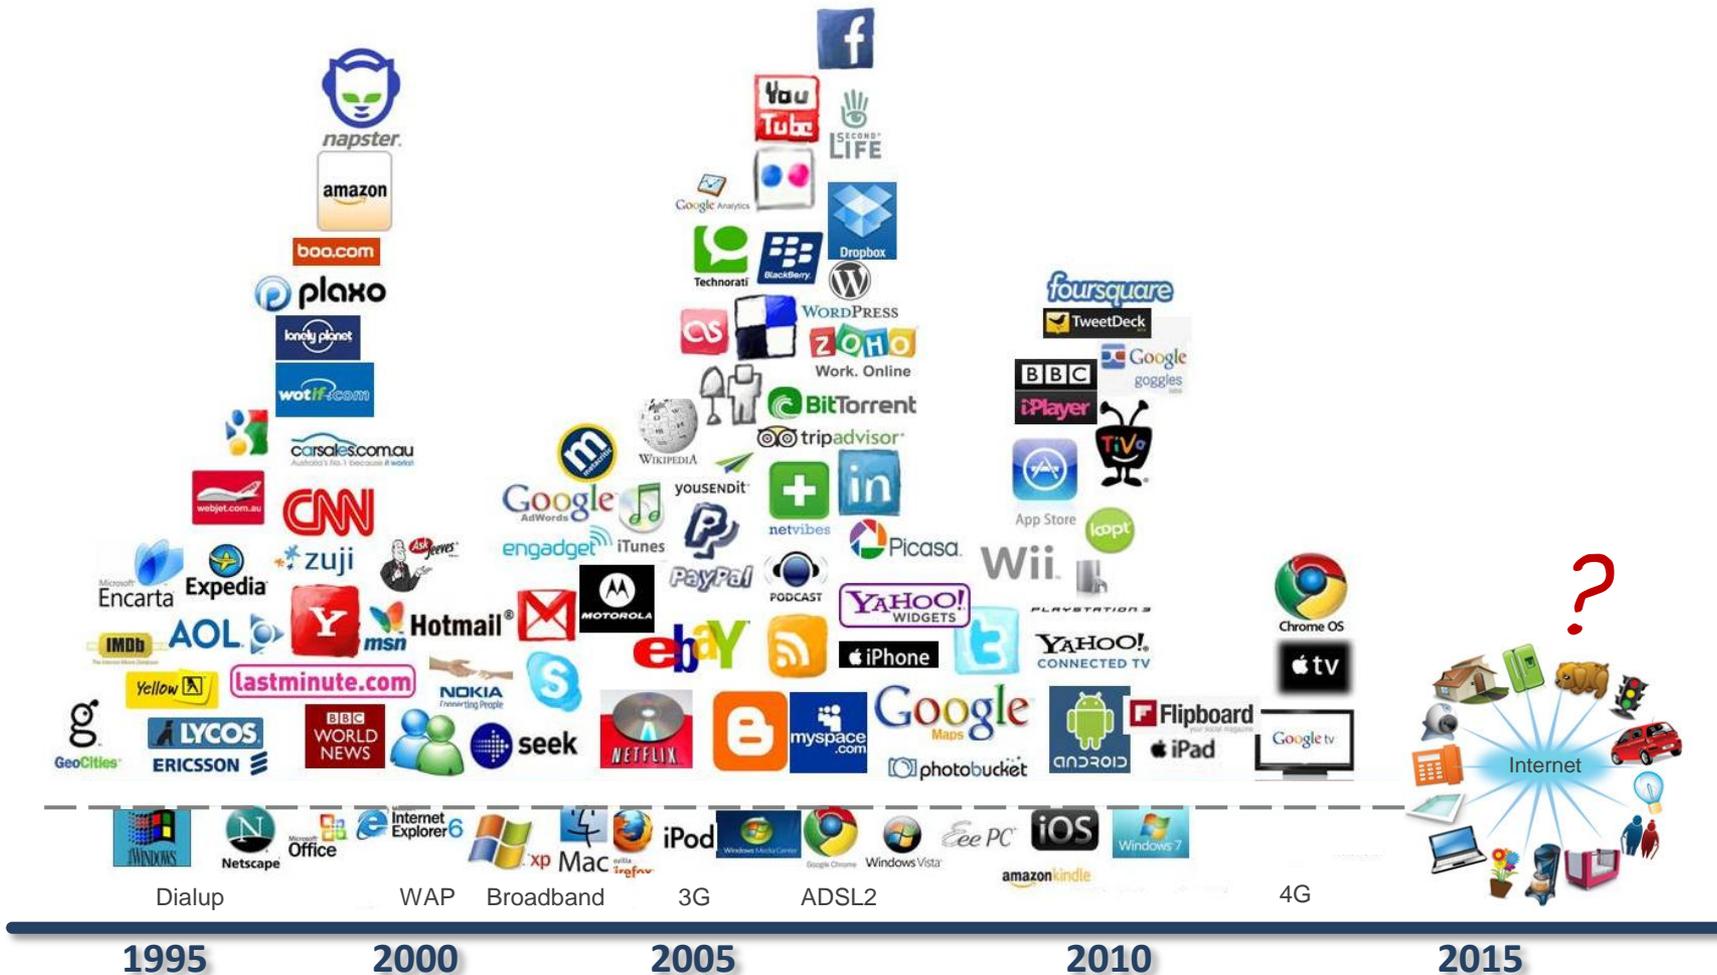

It must be:

- Fast
- User Centric
- Supporting Collaboration
- Enhancing Productivity
- Enabling Knowledge Work
- Place Independent
- Network Independent
- Device Independent

Internet has Evolved, and so is Our Behaviour and expectations

Today, We are Using Technology to Collaborate in New Ways

Welcome to the Workplace

Core Collaboration Service Portfolio

A Modular Concept to Support Broader Choice Depending on Different Needs

For Example...

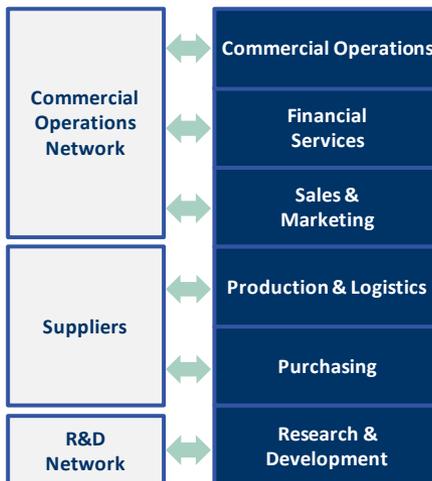

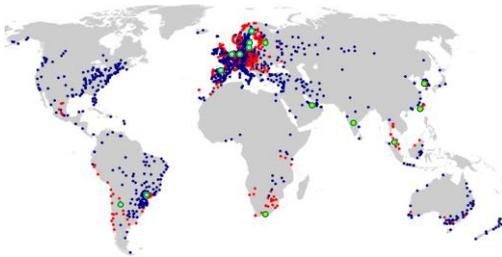

Modular Design Brings Easier Customization

This approach gives rapid evolvement of existing solutions, while also enabling introduction of new kind of collaborative technologies

New features can be implemented in both existing and new contexts

Alfresco at Scania

Target Group

- Team Room (Alfresco Share) was introduced at Scania in May 2013
- Migration from previous solution (IBM Quickr)
 - 300 sites
 - 5 000 users (site members) at Commercial Operations
 - 20 000 documents
- Integration with Scania Enterprise Search, Dec 2013
- Pilot at R&D, including the R&D Network, Q1 2014
- Share configurations for utilization cross the business value chain to be launched in June 2014
- Integration with Windows Explorer and Microsoft Office ongoing
- Integration with the Intranet (planned for Q4 2014)
- Strong authentication and encryption of confidential information (planned for Q4 2014)

New Euro 6 450 hp engine with SCR only

Scania has now further broadened its already comprehensive range of Euro 6-certified truck engines. Anyone who needs 450 hp, not least European customers with tractor-trailers, can now choose between two versions of Scania's well known 13-litre engines at that power level...

Storsatsning på nytt kompetenscenter i produktionsteknik och logistik

Med stöd av Scania och AstraZeneca skapas ett nytt kompetenscentrum i produktionsteknik och logistik vid KTH Campus Södertälje. Totalt satsas 1,2 miljarder kronor, varav ett nytt tillskott på 800 miljoner kronor, på att över den kommande tioårsperioden fördubbla antalet studenter till i första hand högskoleingenjörer och starta forskning i logistik, underhållsteknik och lean...

SPS Föreläsningsserie – Långsiktighet ger beständiga förbättringar

Måndagen den 23 juni klockan 15.00-16.30 genomför Global SPS Office ett seminarium i SPS Föreläsningsserie.

Syftet är att inspirera, dela erfarenheter och stimulera till nätverkande inom Scania, samt att öka förståelsen för SPS och förmågan att omsätta det i praktiken.

Legend prisad – igen

V8-magasinet Legend har blivit prisat igen. Den här gången är det läsplatteutgåvan som uppmärksammats i tidningen Resumés tävling Månadens Content.

Scania Modular System

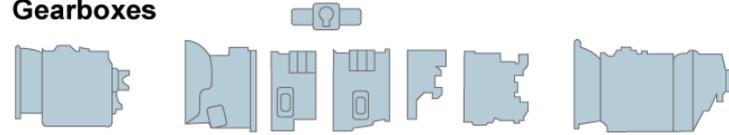

Modular Design Brings Easier Customization

A Limited Number of Building Blocks – Many Variations

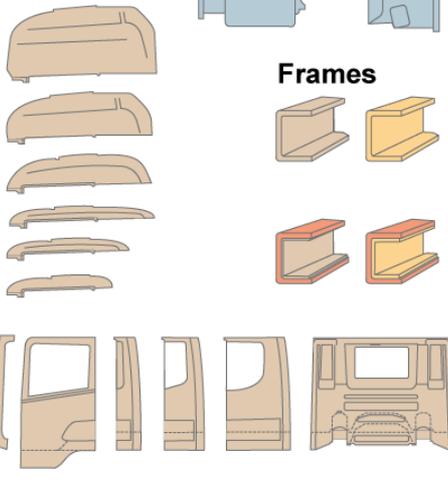

Engines

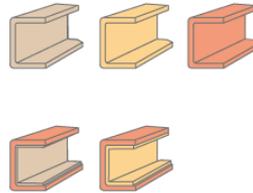

Gearboxes

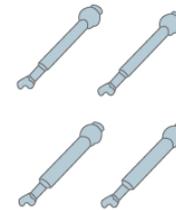

Cabs

Frames

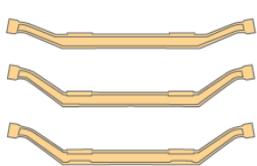

Propeller shafts

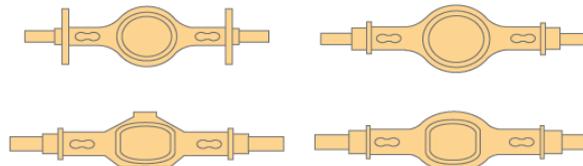

Axle gears

Steered axles

Driven axles

Thanks to the modular system Scania can provide a large variety of specifications which increases the possibility of a great fit between product and application

Thanks for Listening
